

Technical data:

Heating fuel: _____

Inlet pressure p_e _____

Calorific value H_u _____

Electrics:

Voltage / frequency _____

Demand:

- Fast heating on casting platform

T = _____ °C

t = _____ min

- Fast heating and drying of wear lining on casting platform

T = _____ °C

t = _____ min

- Drying (permanent lining)

T = _____ °C

t = _____ h

- Drying of dry setting mix

T = _____ °C

t = _____ min

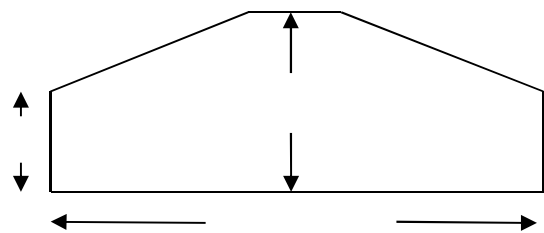

Tundish lining weight:

Tundish : _____ to

Fixed cover: _____ to

Tundish shape

please indicate position of overflow

Sketch of position of heater openings in fixed cover

Heating with without fixed cover:

- With fixed tundish cover
 Without fixed tundish cover
